START BUILDING YOUR SKILLS TODAY

While in high school, students should take classes in art, biology, neuroscience, history, math, algorithms and coding. The sooner the student begins preparations, the better.

EARN A DEGREE IN ENGINEERING

Most employers are looking for workers with a more complete and well-rounded education – the kind only a college degree can provide.

COMPLETE YOUR BODY

Internships offer students an exceptional opportunity to gain practical experience, to form professional relationships in the community, and complete work suitable for presentation in their portfolio.

CREATE A COMPELLING NARRATIVE

The biggest asset to someone looking for a job in space is an impressive intellect any type
